Mr. DURBIN. Mr. President, as in executive session, I ask unanimous consent that the Injunction of Secrecy be removed from the following treaty transmitted to the Senate on February 6, 2008 by the President of the United States: International Convention Against Doping in Sport (Treaty Document No. 110-14).

The PRESIDING OFFICER. Without objection, it is so ordered.

To the Senate of the United States:

With a view to receiving the advice and consent of the Senate to ratification, I transmit herewith the International Convention Against Doping in Sport, adopted by the United Nations Educational, Scientific, and Cultural Organization on October 19, 2005.

The United States supported the development of the Convention as a means to ensure equitable and effective application and promotion of anti-doping controls in international competition. The Convention will help to advance international cooperation on and promotion of international doping control efforts, and will help to protect the integrity and spirit of sport by supporting efforts to ensure a fair and doping-free environment for athletes.

The International Olympic Movement has been supportive of the promotion and adoption of this Convention by the international community. Ratification by the United States will demonstrate the United States' longstanding commitment to the development of international anti-doping controls and its commitment to apply and facilitate the application of appropriate anti-doping controls during international competitions held in the United States. Ratification will also ensure that the United States will continue to remain eligible to host international competitions. The Convention does not cover U.S. sports leagues.

I recommend that the Senate give prompt and favorable consideration to the Convention and give its advice and consent to ratification.

GEORGE W. BUSH.
